BONDED WAREHOUSE

Under this program the **merchandise** can be **examined, conserved, labelled, displayed or sold**, providing the benefits of:

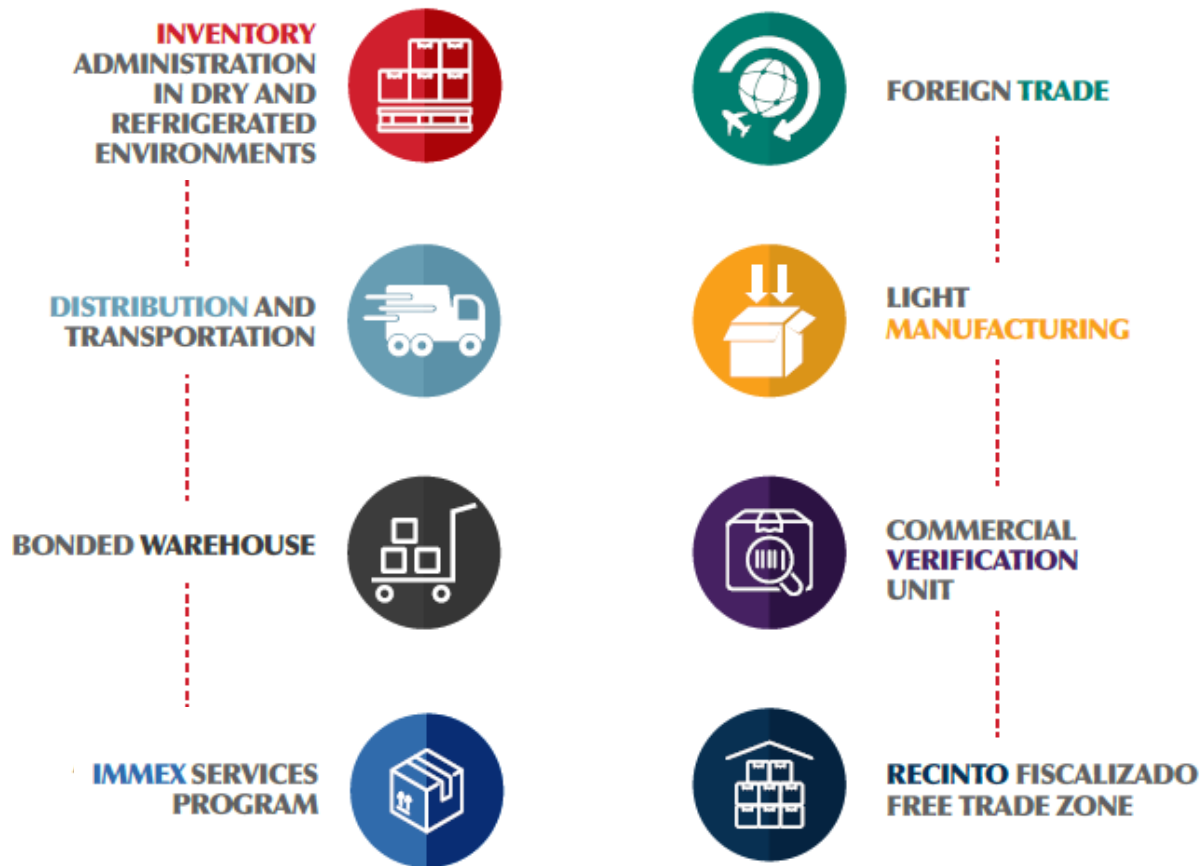

- **Tax payment deferral** for our clients.
- Extract only the amounts of product that are required.
- **Cost reduction.**
- Import under **foreign supplier** scheme.
- **Merchandise returns to country of origin when needed.**
- Handling of **large volumen inventories** with **reduced costs.**

YOUR STRATEGIC ALLY

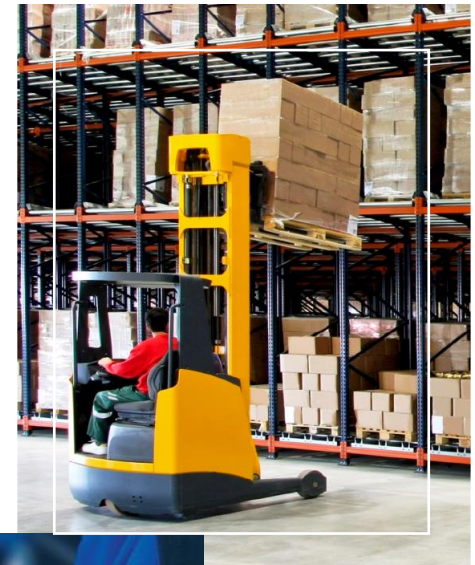

SOLUTIONS

INVENTORY ADMINISTRATION IN DRY AND REFRIGERATED ENVIRONMENTS

DISTRIBUTION AND TRANSPORTATION

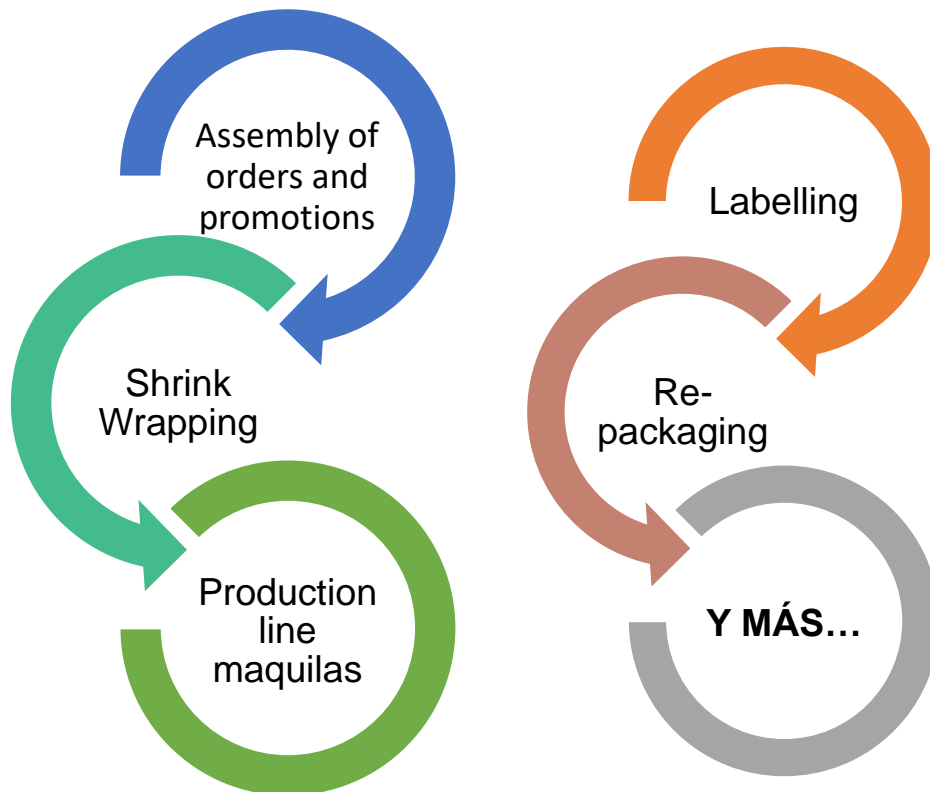

NATIONAL & INTERNATIONAL

LIGHT MANUFACTURING

Our facilities and trained personnel allows us to offer **value added services** for your products.

ADMINISTRATIVE VERIFICATION UNIT FOR COMMERCIAL INFORMATION (UVA)

Compliance with **Mexico Legal Labeling Norms (NOM)**, executing technical validation of the commercial information contained in the product labels that will be commercialized in national territory.

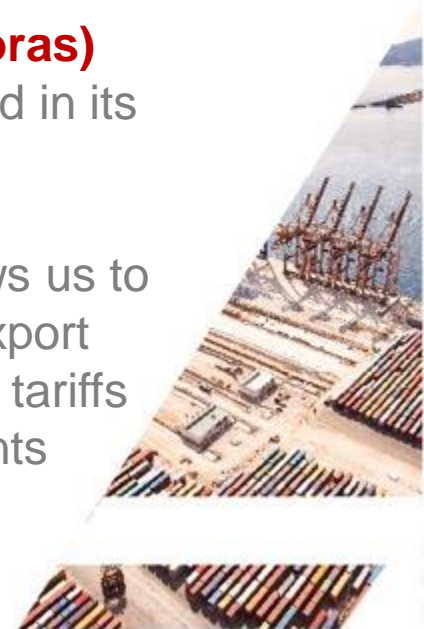

IMMEX Services Program (Export Manufacturing for Maquiladoras)

The SERVICES IMMEX program in Accel allows us to :

- Warehouse
- Manipulate
- Prepare orders
- Ship merchandise

Destined for their use in **manufacturing plants (maquiladoras)** located in Mexico and which final finished product is destined in its majority for **Export** (retail in other countries).

Accel IMMEX Services license is **VAT Certified**, which allows us to exempt our clients, suppliers (national and foreign) of the Export Manufacturing Industry, of any payment of applicable import tariffs or Value Added Tax (sales tax), therefore benefiting our clients working capital.

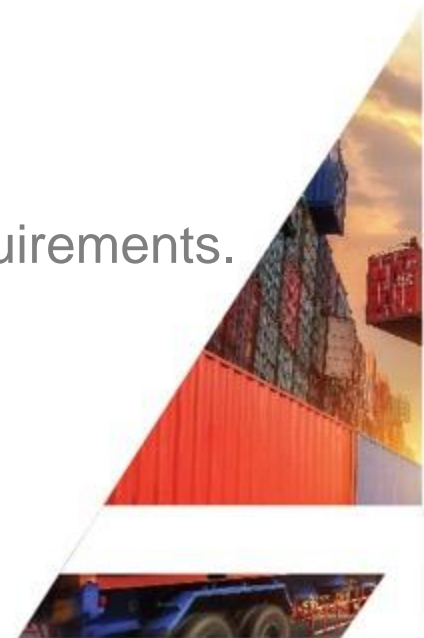

FISCAL PRECINCT

Located in the northern border of Mexico (Cd. Juárez, Chihuahua) authorized by the Mexican government to handle merchandise before being imported into Mexico.

- To carry out inspections, review and document shipments in one single place.
- To **eliminate waiting** times at international bridges.
- Manufacturing, inspection and re-works.
- To **speed up import** processes.
- **Temperature control** according to merchandise requirements.
- To inspect meat products, vegetables and woods.
- **Eliminate risks of penalties or infractions.**

COMPETITIVE ADVANTAGES

National leader in bonded warehouse.
